

Project Design Phase-II

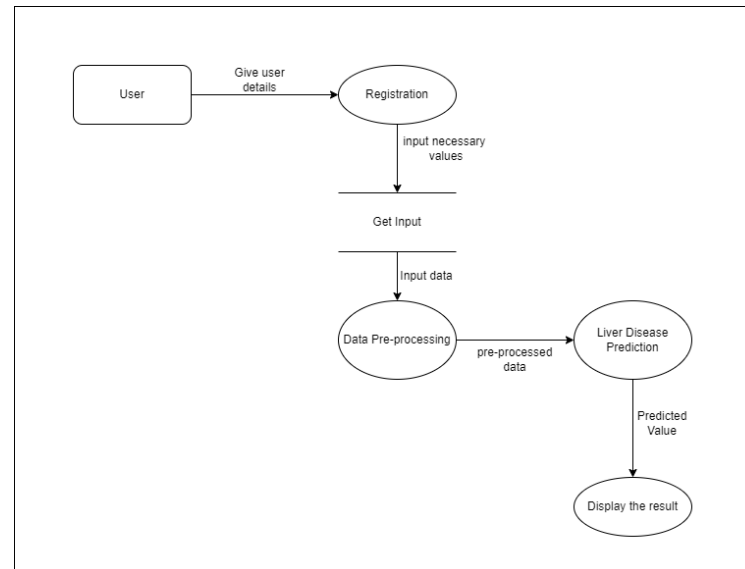

Data Flow Diagram & User Stories

Date	1 November 2022
Team ID	PNT2022TMID00071
Project Name	Statistical Machine Learning Approaches to Liver Disease Prediction
Maximum Marks	4 Marks

Data Flow Diagrams:

The classic visual depiction of how information moves through a system is a data flow diagram (DFD). A tidy and understandable DFD may visually represent the appropriate quantity of the system demand. It demonstrates how information enters and exits the system, what modifies the data, and where information is kept.

Data Flow Diagram

User Stories

Use the below template to list all the user stories for the product.

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
Customer (Mobile user)	Registration	USN-1	By providing my email address, a password, and a password confirmation, I may sign up for the application as a user.	I can log in to my account or dashboard.	High	Sprint-1
		USN-2	After registering for the application, I as a user will get a confirmation email.	I can get confirmation emails and confirm them.	High	Sprint-1
